TACX: NEO, NEO T2, Flux

WAHOO KICKR

CYCLEOPS: HAMMER, H2, H3

ELITE: DRIVO, DIRETO, KURO

其中 XPEDO 系列與 TACXNEO 系列為無需校正，使用其他型號訓練台，需於賽前 72 小時內錄影提供訓練台歸零校正過程。並確認連接遊戲之數據為校正檢驗過之訓練台。(遊戲端將會依照您提供的訓練台機型鎖定，其他訊號將不被接受。

If rider's trainers other than XPEDO and TACX NEO series, then rider have to upload a calibration video within 72 hours before race start. Riders will responsible for using the trainer which has been calibrated to link in the WhiizU app during the race. The WhiizU will recognize the trainer that rider use. If rider's trainers which going to use during the race other than the registered and calibrated trainers. Then the trainer will not be accepted.

3. **設定**：提供遊戲中功率(需採用訓練台之數據)、迴轉、心跳率之數據。

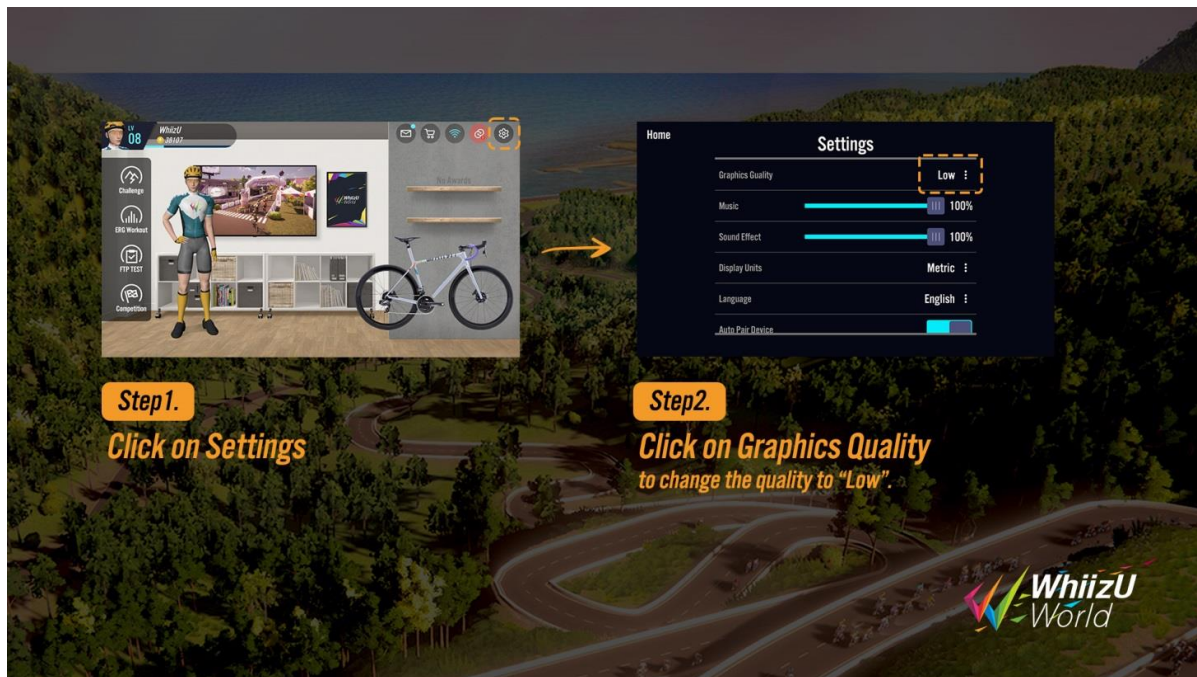

平台設定：建議使用 **ipad** 採藍牙連線，穩定度會優於 **Ant+**。請連結遊戲內的亞洲伺服器。

3. **Setting**:

The power (the trainer which use for race), **RPM, BPM data (must have heart rate monitor)** should be entered into the platform (Whiizu app) before race. We strongly

suggest rider to use iPad and connect blue tooth as your monitor, it will be more stable than use Ant+. Please connect the Asia server in the platform.

4. 調整至低畫素 Adjust Graphics quality to low

5. 比賽環境：建議有良好的 Wifi 連線頻寬(賽事與 Zoom 須同時通訊)，較少的藍芽或其他訊號干擾源，比賽中如個人發生網路、藍芽等斷訊問題，則視為公路賽中發生破胎、摔車之不可抗力之問題，須由選手個人自行負責。

5. Race environment:

Since the platform (whiizu app) and zoom should be connected at the same time during the race, well-connected wifi is necessary. Outage of wifi , or blue tooth will be considered as a situation in a road race such as tire punctured, crashes. It will be rider's own responsibility accordingly.
